About The Missing Link

The Missing Link is a Microsoft Solutions partner in Infrastructure (Azure) and Modern Work. Our team of highly skilled technical engineers, architects and advisors have extensive experience in delivering Microsoft hardware, software, and cloud solutions, from Azure to Microsoft 365, SharePoint, Microsoft Teams and Microsoft Teams Phone. We are one of Australia's most awarded providers and deliver premium results through strong vendor relationships, a high Customer Satisfaction Score, and a team of 180+ local experts.

Why do you need Microsoft Purview?

The adoption of Microsoft 365 presents an opportunity for increased creativity, productivity, collaboration, and connectivity for many businesses. Whilst Microsoft 365 can drive innovation and competitive advantage, it is crucial to prioritise data governance & compliance to ensure the protection of confidential, customer, personal, and intellectual information stored in the service.

Given the ever-increasing adoption of Copilot, it is more crucial than ever to safeguard your Microsoft 365 tenancy through the adoption of data governance & compliance controls. This will ensure that Copilot is working with data that is relevant, targeted, and most importantly, won't divulge sensitive information in the process.

Microsoft Purview helps organisations:

- Prioritise data governance
- Increase data compliance
- Minimise threats
- Follow industry best practices
- Improve their data governance posture
